

1. How K-LOVE serves me as a resident of the local community is that it gives me a positive and encouraging prospective to everyday living.

2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be devastating. Our teenagers would have no alternative but to listen to secular music leading down the wrong path. Adults would have no where to turn to find help in times of need. The community would be turned around to the WRONG side of everything.

Why I believe that the service provided by K-LOVE is in the public interest is because from first hand experience you need a service that there to lift you up to God in your time of need, a service that plays music that allows God to minister in your time of need, and just as K-LOVE Web page indicates it's just a Positive & Encouraging Radio Station.
